

MiVoice 6721 Lync Phone

The MiVoice 6721 lync phone is an entry level standalone IP phone optimized for use with Microsoft Lync. It's perfect for lobbies and meeting rooms.

The MiVoice 6721 Lync Phone is an ideal selection for Hot-desking applications and common areas, such as lobbies and meeting rooms. It provides a lower cost option for users who require the benefits of a true IP phone, including dual Gigabit Ethernet ports and message waiting light indicator – but do not require the full UC desktop integration capabilities of the MiVoice 6721.
